Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner initiated the interview to discuss claims 56 and 57. The Examiner's position is that claim 56 is not allowable because it still encompasses subject matter that is obvious over the art. In particular, stem cells obtained from blood encompasses neural stem cells. The Examiner's position is that claim 57 cannot be entered after final because the cells of the claim are not limited to stem cells and therefore expand the scope of the claims beyond that which was examined. Applicant's representative agreed to allow the Examiner to cancel claims 56 and 57..
